

Sprint 3 Report

Actions to stop doing:

- waiting to fix scrum documents
 - We can decide on one of our weekly meetings to do this

Actions to start doing:

- assign someone to update scrum documents when we get constructive feedback
 - Maybe scrum master can be in charge of this
- having everyone turn on their camera during scrum stand ups

Actions to keep doing:

- Having reviewers for pr's
- Keeping code modular
- Use JIRA for project planning
- Add comments to functions
 - Add initials for comments
- Having backlog tickets for people to work on if they finish early
- Communicating on discord

Work completed/not completed:

Completed

- Incorporate the RMP graphql endpoint into the extension.
- Use a fuzzy-search library(Fuse.js) to match professor names to their corresponding name on RMP(handle cases where the professor doesn't have a profile.)
- Fetch the professor rating using the graphql endpoint.
- Display the professor's rating and a link to their page.
- Fetch the professor's tags using the graphql endpoint.
- Display the tags in the popup
- Figure out how to cache information (probably a dict of dicts)
- Cache information from directory api
- Cache information from Rate My Professor
- make UI for displaying the Rate My Professor rating using stars
- Replace the current button with an info icon and make it blend better with the enrollment UI by using material UI
- Make the pop-up appear to the right side panel using a more info button
- Scrape publication link from campus staff directory
- Scrape website link from campus staff directory

- display publication link in our UI
- display website link in our UI
- Find Places to scrape classes a professor will be teaching
- Stylize via CSS in shopping cart page to make it look nice
- Scrape again for remaining uIDs
- Scrape for research topics from website we found

Not Completed

- Make the info icon appear on the shopping cart page for both the shopping cart div and the class schedule div

Work completion rate:

- 21/22 tickets: 95.45%
